**Prof. A. A. Kazi**

**CHAIRMAN, CARF**

Fmr. Dean of the  
Faculty of Arts,  
University of Bombay,  
Mumbai, India

Dear Friends,

The Foundation's mission is to fight against cancer and provide financial as well as medical assistance to poor cancer patients, apart from spreading awareness of cancer, its causes, prevention and cure. It is our vision that no poor cancer patient will go untreated for want of financial support.

'TOTAL CANCERCARE' the basic principle enshrined in our Foundation's Logo has been our guiding factor to plan and execute various activities with a view to helping poor cancer patients. It includes:

- Funding and services for cancer treatment including Surgery, Radiotherapy and Chemotherapy
- Cancer Research
- Cancer Education through CARF News Bulletins and Patients information leaflets.
- Cancer screening and Detection Programmes.
- Anti-Tobacco and Cancer Advocacy.
- Free Ambulance service provided to patients all over Mumbai/ Thane Dist.
- Counselling for cancer patients/their families and cancer hotline.
- Providing Rehabilitation Assistance to poor cancer patients.
- Distribution of Anti-cancer drugs to poor and needy patients.

CARF has implemented the ISO Certification Programme and has been awarded the ISO 9001:2008 Certificate for 'Charitable Services to Cancer Patients'. We shall always strive for continual improvement by following process based approach based on the ISO 9001: 2008 STANDARD.

During the short span of 9 years since inception, the Foundation has achieved the enviable record of having helped 4245 poor cancer patients in 556 hospitals to the extent of Rs. 7,36,99,409/-. This mammoth task has been accomplished with the cooperation of all our donors, well-wishers and staff of the Foundation.

Nevertheless, we do not want to be complacent and rest on past laurels. In fact we have set an even more ambitious target for ourselves in the forthcoming year, when we would complete a decade of service to humanity in the field of 'Total Cancercare'. I look forward to your wholehearted co-operation in this humanitarian endeavour.

Best Wishes

Prof. A.A. Kazi  
Chairman

# CANCER AID & RESEARCH FOUNDATION ANNUAL REPORT : 2009-2010

(As approved by the Board of Trustees on 31/07/2010)

## SPREADING AWARENESS OF CANCER

## LITERATURES

# 2

Cancer is a dreaded disease, but the fear often arises out of ignorance and misconceptions rather than any reality. CARF in its endeavour to create public awareness about cancer and how it can be prevented, prints and distributes free CARF News Bulletin, a quarterly news letter and many cancer information leaflets and posters.

CARF is helping the mankind through its Cancer Awareness Camps, Films, seminars and events in different parts of Mumbai.

For arranging these medical camps and humanitarian activities we have developed different types of brochures, leaflets, quarterly CARF news bulletin, awareness films which help them to gain knowledge about the evil effect of killer disease, the causes, cure & prevention methods.

From time to time we print all these material as per our requirement. Till date we have distributed lakhs of copies of different cancer leaflets & brochures, stickers & posters. The details are as follows :-

CARF Literature	Quantity distributed
Poster	5,000
Bulletin	10 Lakh
Leaflets	15 Lakh
Stickers	1 Lakh

We are doing this with a view to achieve the ultimate objective of prevention as well as total eradication of this dreadful disease from the world.

With a View to bringing about awareness regarding the dreaded disease of cancer and also to make the young generation aware about the ill effects of tobacco and gutka (chewing tobacco) consumption, the Foundation conducts cancer awareness programme in schools, colleges and in various institutions periodically. As part of the awareness programme we conduct a series of activities including

- Screening of cancer films to schools, colleges and institutions
- Distribution of cancer leaflets to public
- Display of posters
- Distribution of Anti Smoking stickers

Apart from the screening the cancer film in the schools we also spread awareness through the medical camps on Anti Tobacco Day. We have done various awareness camp for many organizations who approach us. Also whenever eye medical camp is arranged by Dr Nemichand Chhajed of Mahavir International they show our cancer films to the public and distribute the leaflets, brochures, and the CARF's quarterly bulletin approximately 200 to 300 per camp.

#### Screening of Cancer Awareness films in Schools :

Sr. No.	Year	No. of Schools
1	April 2004 – March 2005	38
2	April 2005 – March 2006	21
3	April 2006 – March 2007	37
4	April 2007 – March 2008	16
5	April 2008 – March 2009	36
6	April 2009 – March 2010	47

#### Our activities in this area include :

- Spreading awareness about cancer disease and initiating steps for early cancer detection.
- Screen Cancer films in schools, colleges and other establishments to spread awareness of cancer causing habits like smoking, chewing tobacco and drinking.
- Providing free counseling to cancer patients and their family members at CARF and cancer hotline tel.no. for further information on cancer.

List of the cancer films which we show in Schools/Colleges as per the selection by the Principals.

Sr. No.	Name of the Films	Duration
1.	Breast Cancer Part- I	55 Minutes
	Breast Cancer Part-II	26 Minutes
2.	Cancer of the Prostate	34 Minutes
3.	Cancer Pain	50 Minutes
4.	Smoking & Human Physiology (Hindi)	19 Minutes
5.	Smoking & Human Physiology (English)	19 Minutes
6.	Smoking–The Choice is yours (Hindi Cartoon)	11 Minutes
7.	Women & Smoking (English)	23 Minutes
8.	Tobacco & Human Physiology (Hindi)	20 Minutes
9.	Tobacco & Human Physiology (English)	20 Minutes
10.	Cancer in Woman (Adults Only)	16 Minutes
11.	Cancer – An Overview	13 Minutes
12.	Cancer Insight, Treatment & Hope	14 Minutes
13.	Chemotherapy & Radiotherapy (Hindi)	23 Minutes
14.	Chemotherapy & Radiotherapy (Urdu)	23 Minutes
15.	Mouth Cancer (Hindi)	20 Minutes
16.	Talking it Through	32 Minutes
17.	Nursing & Laryngectomy Care	32 Minutes
18.	Being Breast Aware	14 Minutes

## COUNSELING AND ARRANGING MEDICAL CAMPS

Our Foundation is dedicated & devoted to the prevention of cancer, saving person's lives by helping the poor & needy cancer patients through the funding of their treatment.

When these cancer patients come to us, they not only have to undergo the physiological problems, but have also to bear the social and psychological consequences. While it is essential for us to extend medical, practical and financial support to persons suffering from cancer, it is equally important for us to give Patients and their families emotional support they need to face the challenge with fortitude so as to improve the quality of their lives. In our Foundation, we try to counsel these patients to diminish their suffering during their illness and also boldly handle the difficulties they face while collecting the funds required for their treatment.

Arranging Medical Camps is a one of our social objectives. These diagnostic camps are very useful for the early detection of cancer. We have identified many suspected cases in these camps that were in pre-cancerous stage and can be treated fully.

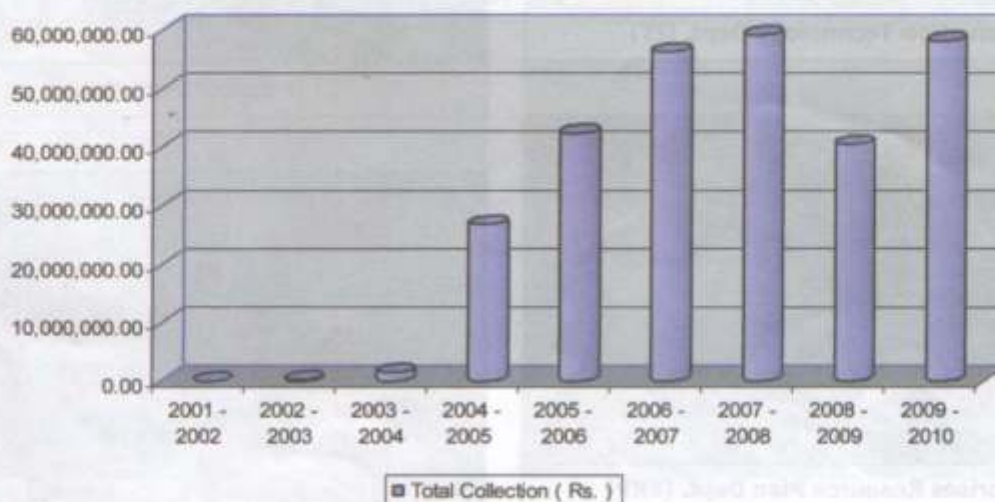

Till date CARF has conducted 8 Medical Camps at various locations in Mumbai.

In a short span of 9 years, Cancer Aid & Research Foundation has emerged as a leading medical NGO. The Total Collection of the Foundation since inception is Rs. 28,52,01,392/- (upto 31st March 2010). The year wise collection details are as follows :

YEAR	Total Collection (Rs.)
2001 - 2002	60,303
2002-2003	277,794
2003 - 2004	1,513,820
2004- 2005	26,848,318
2005 - 2006	42,325,824
2006 - 2007	56,269,943
2007 - 2008	59,211,650
2008 - 2009	40,467,322
2009 - 2010	58,226,418
<b>TOTAL</b>	<b>285,201,392</b>

## FINANCIAL & MEDICAL HELP TO CANCER PATIENTS

Though cancer is a dreaded disease, technological advances in modern medical science has made it possible to treat and even cure the patients especially if it is detected in the initial stages. The chances of the patient's recovery are even brighter in case of children.

However, the major hurdle for cancer treatment is the high costs involved in radiotherapy, chemotherapy and other modern techniques used for treating cancer. True to its mission, CARF has been in the forefront in extending financial and medical help to poor and needy cancer patients.

The Foundation's vision is that no poor cancer patient goes untreated for the lack of financial support. Since its inception in 2001, CARF has helped more than 4000 poor cancer patients in over 550 hospitals all over India to get treated. The following table gives an idea of the financial help given by CARF to poor cancer patients during the last nine years:

Sr. No.	Year	Amount Disbursed (Rs.)	No. of Patients	No. of Hospital
1	2001-2002	17,500	5	1
2	2002-2003	129,916	29	7
3	2003-2004	1,134,526	83	23
4	2004-2005	4,255,293	342	42
5	2005-2006	8,112,800	546	74
6	2006-2007	14,116,794	665	92
7	2007-2008	25,694,756	1077	109
8	2008-2009	15,791,123	800	105
9	2009-2010	14,630,699	698	103
	<b>TOTAL</b>	<b>83,883,407</b>	<b>4245</b>	<b>556</b>

**Master Rohan Dubey**

Master Rohan Dubey is a 10 years old boy from Santacruz (E). He stays there with his parents and one younger brother. Four years ago, he started getting recurrent fever and sent to Nanavati Hospital for further treatment. Medical investigations revealed that he was suffering from Acute Lymphoblastic Leukemia (A type of Blood Cancer). The doctors advised him Chemotherapy. His father is a tailor and was not able to afford the expensive treatment of cancer. When he approached us we not only gave him total Medical Aid but we also gave counseling to his family to decrease their difficulties. Now he has completely recovered & is regularly attending school. He is studying in 4th Standard. We are very happy that our mission is getting completed & we are achieving our goal. Rohan regularly attends all our programmes which we organize for the motivation of our patients.

**Master Saud Thange**

Master Saud Thange aged 4 years old, has been detected by doctors as a case of Neuroblastoma (Brain tumor). His father Mr. Naved Thange is working in a courier company as a delivery boy and is earning just 4000 per month. He has a family of 8 members depending on him. Mast. Saud's treatment cost was Rs.3 lacs and his father with his meagre income could not afford expensive treatment of cancer and approached us for assistance. We not only had helped him by providing medical treatment but also supported them in critical circumstances when he was undergoing surgery and was struggling for life. We supported his family by the financial help and also offered counseling to them to diminish their mental agony during the medical crisis. By the grace of Almighty he is cured and is on follow up with his doctors. We do invite him in our social events with a view to bring a sweet smile on his lips. The successful end of the unfortunate journey of these cancer patients proves the sincere and dedicated endeavor of our Foundation.

**Baby Anushree Shetty**

Baby Anushree Shetty was just 2 years old when her parents came to know that she was suffering from Acute Myeloid Leukemia ( a type of Blood Cancer). Just imagine the plight and agony of the parents who suddenly realize that their only child is suffering from such a dreaded disease. They rushed to S.L. Raheja Hospital for her complete treatment. The doctors advised her to take a treatment for duration of 2 years. His father was working as an ordinary clerk in a private company and as such he was not able to afford the expensive treatment of cancer, they approached us for help. We have given medical aid in her entire treatment and given proper guidance to them whenever required. Now Baby Anushree Shetty is in complete remission and regularly attending her school. She is studying in junior K.G. The mission of our Foundation is to take complete care of Cancer patients and we are very happy to state that Anushree's innocent smile throws light on the success of our dedicated mission.

### CARF RESEARCH FELLOWSHIP:

CARF is dedicated and devoted not only to serve the cause of helping poor cancer patients but also to conduct extensive research in the field of cancer. With this objective CARF started with the annual fellowship program in the year 2008, in association with J J Group of hospitals and affiliated to Grant Medical College, Mumbai. The Foundation invites application from interested eligible candidates and interviews are conducted by the panel consisting of trustees and oncologists after short listing the candidates.

In the year of fellowship, fellows are exposed to different types of cases, surgical procedures, diagnostic procedures, reconstructive procedures, and voice rehabilitation etc.

The fellows receive regular guidance, cooperation and research work from Dr. Rehan Kazi – General Secretary CARF [MS,DNB,DLORCS(Eng.),DOHNS(Eng),PhD(Lon),UICC Fellow, Head & Neck Cancer Surgeon], which equips them with up to date knowledge of the latest techniques to be learnt in the management of patients. The fellows are required to publish atleast two papers in the peer reviewed journal.

In the first year 2008, 2 fellows were selected. The number has consistent in 2009-2010 and 2010-2011. Now we hope that the number of fellows further swells up considerably subsequent years.

#### Year 2008-2009

**Dr. Shailesh Khode, MBBS, MS (ENT)**

**Dr. Kapila Manikanthan, MBBS, MS (ENT)**

#### Year 2009-2010

**Dr. Suhail I. Sayed**  
MBBS, MS (ENT), DORL

**Dr. Rakesh Katna**  
MBBS, MS (ENT)

#### Year 2010-2011

**Dr. Anubha Garg**  
MBBS, MS (ENT)

**Dr. Harsha K. N.**  
MBBS, MS (ENT)

### RATNAGIRI PROJECT

Cancer Aid and Research foundation is a medical N.G.O providing monetary and medical assistance to cancer patients specially those living below poverty line without any distinction of caste, creed or religion.

In furtherance of it's objective of providing free medical treatment to cancer patients more particularly to persons living below poverty line, the trust decided to establish an ultra-modern Cancer Hospital in a backward area of the konkan region as there is no appreciable medical facility in this region particularly for cancer patients even after 60 year of independence. These patients have to go for Diagnosis and treatment either to Sholapur, Mumbai or Goa.

The trust has therefore proceeded to establish a Diagnostic center and Radio Therapy unit in the 1st phase and operation theatre, Hostel for patients and Cancer Hospital in the 2nd phase.

The state govt has been kind enough to allot us 9 acres of land at Ratnagiri for the above project at concessional rate and we have received all the necessary permissions/approvals from the concerned Depts. /agencies.

The proposed Hospital will be put up at a total cost of 75 crores. In addition, a Corpus Fund of Rs. 125 crores has been planned to ensure uninterrupted functioning of the hospital. **Thus the total cost of this project will be Rs. 200 crores.** The civil construction work of the 1st phase is going on under supervision of the renowned Architect Sri Jayant Tipnis in consultation with M/s Hosmac Ltd who are our consultants for the project. The advance for purchase of medical equipment has already been paid to M/s Siemens India Ltd. The 1st phase of the project is expected to be completed by April 2011. We will take up construction of the 2nd phase immediately after commencement of the Diagnostic center and Radio Therapy unit. Upon completion of the entire project phase I & II, the hospital will have ultra-modern facilities for treatment of cancer patients and will attract medical tourism from all parts of the world.

WORK IN PROGRESS OF  
**Cancer Diagnostic Centre & Hospital - Ratnagiri**  
(To be named after the donor)

## Annual Celebration of CARF Foundation Day

Cancer Aid & Research Foundation organizes a grand function to celebrate Foundation Day on 20th June every year. Prof. A. A. Kazi (Chairman), Dr. Rehan Kazi (Secretary General) along with other dignitaries preside over this function.

This event is the benchmark of the foundation for completing each year successfully in the mission to help poor & needy Cancer patients.

Foundation Day is a celebration of the efforts of CARF, in which the purpose is to acknowledge, help & bring together people associated with this organization whether it is staff, donors, guests, patients & any individual associated with this mission.

## Annual CARF Oration Day

The Cancer Aid & Research Foundation conducts this function every year for selecting a medical luminary and world famous oncologist who has carried out a 3- dimensional extensive research in science and religions with holistic approach towards cancer. The selected oncologist is then cordially invited to participate in the oration day function and delivers the special oration which will enlighten and enrich the celebrates in the field of cancer. Synopsis of this oration presented in the function will be treated as the valuable contribution in the field of cancer.

**Mr. Peter Rhys-Evans**  
1st Annual CARF Oration

**Prof. Dr. Frans Hilgers**  
2nd Annual CARF Oration

**Dr. Praful Desai**  
3rd Annual CARF Oration

**Dr. Purvish Parikh**  
4th Annual CARF Oration

## Annual CARF Awards Function

The foundation constitutes a special panel to select three well reputed oncologists who have made significant contribution in the field of cancer. They are cordially invited to participate in this function when they are presented with the prestigious CARF awards at the hands of WVIP.

2006-2007

**Donation Box**

**Charity Table**

**Charity Sale**

We are a non profit making organization depending on generous donations to meet the needs of all the poor cancer patients who come to us for help. Thus the fund raising department makes a substantial contribution in this direction. It is through the selfless hard work of our officers that we are able to fulfill our cherished dream of helping these unfortunate cancer patients in order to kindle a ray of hope and boost their morale. By the grace of god we have spread the area of our noble work to Thane in the eastern suburbs and Mahim in the western suburbs where collection offices have been opened to facilitate approaching the prospective donors and well wishers. The entire work is done with full enthusiasm so as to get maximum utilization of the resources available for the benefit of poor cancer patients. Through our fundraising programmes efforts we have been able not only to provide medical help but monetary help also as they are compelled to come from near and far on account of unavoidable circumstances. This has only been possible due to the generous contribution of our donors. We hope to carry on this noble work in future with the same interest and enthusiasm.

**Collection Offices**

**Thane**

**Mahim**

## ISO, INFORMATION TECHNOLOGY & SAP IMPLEMENTATION FOR EFFICIENCY IMPROVEMENTS

CARF has been constantly striving to improve its operations by using the most modern technological tools available. To this end, CARF has the distinction of being one of the few NGOs with an **ISO 9000:2008 Quality Certification**. Apart from this, we have also leveraged modern technology to improve the working of our various departments as follows:

- Systematic organized channelization each dept through computerized systematic LAN setup.
- Recognizes necessary network improvements and makes suggestions.
- Reduce Network congestion. Network/Internet access speed has improved.
- Assists in the planning and implementation of additions, deletions and major modifications to the supporting infrastructure of Hardware & software tools.
- Coordinates the resolution of all dept help desk activities.
- Proper usage/functioning of available resource of CARF .
- Tracing & resolving the problem in Software/Hardware/Internet/Network in each dept.
- Manages Microsoft Windows OS /Office/Antivirus software licenses.
- Helping decide, in conjunction, which software and hardware products and other equipment are most suited for use within CARF.

**ERP :** Currently we are using a customized ERP software package for keeping records of donors & well wishers and maintaining the same up-to-date for facilitating the day to day activities of the Foundation including the following:

- Sending invitation of functions.
- Mailing quarterly news bulletins.
- Mailing patients appeal/donation request.
- Sending birthday greetings.
- Condolence messages.
- Mailing Annual Reports & Souvenir.
- Mailing CARF Calendars, etc.

**SAP Project :** IT department has planned SAP Implementation in CARF

### Benefits of SAP :

- To improve CARF functioning in a systematic & Centralized efficient organized way.
- Ensure access to precise up-to-the-minute information.
- Provide end to end visibility
- Transform information into strategic asset .
- To deliver quickly access to accurate, relevant and complete CARF activity information from desktop with Centralized systems in a secured manner.
- To manage process activity for greater efficiency & effectiveness for reporting comparative analysis to take right decision .
- Simplified administration capabilities that streamline CARF operation activity & maintenance & significantly lower on going cost.
- Ensure speedy solutions through reduced modification of \Donor & patient master detail information required for analysis reporting & sending document by email.

## Donate for a better cause, Donate for Cancer !

**Donate for a better cause, Donate for CANCER!**

There are many religions, castes in the world represented by various cultures, people and mind frames but are bound by one common thing - the colour of "BLOOD"

The religious teachings are depicted in diverse forms but held by one common thread 'HUMANITY'. Every religion across the Globe

You will be interested to know that CARF has incorporated its humanitarian core activities & beneficial services on website "www.cancerarfoundation.org" for helping the poor & needy patients suffering from cancer all over the world. Any relevant enquiries pertaining to the total cancer treatment consisting of radio therapy chemo therapy & surgery can be made and doubts can be clarified through the website. The CARF plays an important role of distributing anti cancer

medicines free of charge to the patients. We have maintained a separate list of child and adult cancer patients receiving treatment from us. Three major events are organized by CARF every year viz. (1) Orator day (2) Awards presentation day (3) CARF Foundation Day. Besides VIP's & big corporate come to foundation office from time to time as visitors in order to get firsthand knowledge about the working of foundation. The cancer patients who have been improving due to our free cancer treatment are presented cheques & certificates by the foundation in a function with a view to boost up their morale. All relevant photographs taken on various occasions are available on our website. Fund raising is carried out as an essential activity by our foundation with an earnest appeals made to the prospective donors for sending their generous donations expeditiously through website. All the above information about CARF can be availed of on the website by our esteemed well wishers & donors. It is worthwhile to mention that CARF has recently undertaken a new project of constructing an exclusive cancer hospital at ratnagiri in kokan region of Maharashtra of the established cost of 200 cores approximately. Hospital photograph can be seen on website. CARF Website consists of 113 no. of pages and having 33761 number of visitors till date. And the number is increasing progressively each day. We are also on the popular networking sites Twitter, Facebook, Orkut. Within a month more than 250 people have joined us on Facebook and still growing strong.
